JAMES MADISON
WARHAWKS

The Montpelier
1962

Published by
the Students of
James Madison High School

Vol. II

Foreword

Time, like the Gypsy Man, will never stay. The good times and the bad flee with equal indifference to the memories they leave behind.

The year 1962 has afforded us many opportunities for enrichment. We have opened new frontiers in friendship. As our combined efforts have succeeded, our individual loyalty has been strengthened.

As the days of this school year have trickled through the hourglass, the staff of The Montpelier has attempted to hold back time by leaving a picture of the events of our school year.

JAMES MADISON

Mr. Bonner, our principal, looks on as Bashir Ahmed greets the student body.

The timely visit of Bashir Ahmed, the camel driver from Pakistan, gave our school the opportunity to help strengthen international friendship. With permission from our government, our student body launched a program to send supplies to a school chosen by Ahmed. The drive is scheduled to last for a total of four years.

Young ladies from the Pakistani Embassy sing their national anthem at an assembly program.

Claire Brossard

Claire Brossard, our exchange student brought from France by our student body, launched the beginning of our foreign exchange program to further better understanding of other countries.

Mrs. Griffin and Ryan Stewart look on as Neen Blackwell and Donna Davis welcome Claire Brossard to James Madison.

Two Danish students demonstrate exercises to one of our Physical Education classes.

A visit from the Danish Gymnastics Team and their participation in our Physical Education classes revealed to us the friendly nature of the Danish people.

Members of the Danish Gymnastics Team perform a folk dance as part of their program presented to the students in a special assembly.

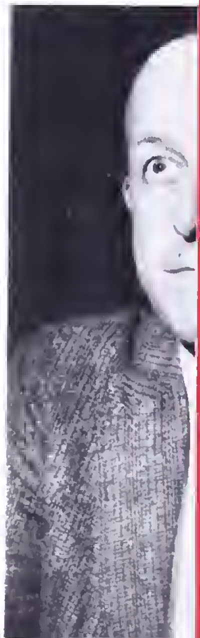
Dr. Mert



The success of our school year, to a large degree, is the result of the efficiency and hard work of our administrative staff.

The staff finds it hard to work by the clock. Time must be found for the many conferences, meetings, and duties that are part of a school.

The solving of problems that of necessity arise in a school day is as unending as the tick-tock of a grandfather's clock.

Elton A. Bonner, A.B., M.A.
University of Alabama
Principal

Our principal places his finger on the clock to start the day's schedule. It is he who reminds us that our school is made of many parts that must work together as a timepiece if its true purpose is to be realized.

Principal's Message . . .

It is difficult to realize that our present seniors were the sophomores of the new James Madison High School when it opened its doors to its first student body in 1959 — or that our juniors, for the most part, will have the unique experience of graduating only next year from the same high school from which they entered as freshmen.

We have been together for such a short while and yet we are again facing another division of our student body as other new schools are soon to open in nearby sections of the county. For some the experiences of separation from friends will begin all over again, and the struggle to breathe new life into another cold and inanimate arrangement of brick and glass will again be the order of the day.

Many of you will welcome this challenge. There will be new oportunities for leadership, for making a new start, for living through many interesting and exciting experiences in a fine new building with all of its bright and modern equipment.

Whatever may be your feelings, be they of eager anticipation or of resentment and disappointment, the change will inevitably come, for this is a symbol of the time in which we live. We make adjustments and learn to live with the facts of our present age. We do so realizing also that we live during the time of exciting adventure, of rapid discovery, of long hoped for breakthroughs in science and invention, of boundless opportunities. And we are assuredly living at a time when young people have never been better prepared for facing the challenges of their future.

To those budding pioneers who will be leaving us to open one of the schools, we shall miss you, but we know that you will build a fine school just as you have done here at James Madison.

To you seniors—congratulations! We have great confidence that you will carry with you the fine Warhawk spirit which you have established here, and that wherever you go you will prove youryourselves loyal and true Americans, always proud but always humble, always doing your best to become the most highly trained and conscientious people within your capabilities. Bon Voyage!

Elam K. Hertzler, A.B., M.A.
Eastern Mennonite College
Eastern Michigan University
Assistant Principal for Administration

The task of keeping up with all seventeen hundred of us falls to Mr. Hertzler. When we lag behind and get out of step, he is the one who has to remind us of our responsibilities to our school, our parents, and especially to ourselves.

George G. Dozier, A.B., M.A.
University of North Carolina
Assistant Principal for Instruction

To keep instruction at a high professional level and the faculty a well integrated group working for the whole school program takes patience and wisdom. With his quiet humor and southern drawl, Mr. Dozier performs a difficult task with apparent ease.

Our school life is divided into many phases, with the time proportioned between class work and extra curricular activities. The Seniors are busy getting ready for graduation, the Juniors excited about class rings, the Sophomores worried about next year's Prom, and the Freshmen glad to spend the whole day at Madison.

All the classes work together, in spite of certain class competition, to better the school and themselves. It is with joy and sorrow that the classes look back over last year and relive the many exciting times.

Senior class officers: Carol Jennings, treasurer; Linda Davis, secretary; Michael Clark, vice-president; Marc Minton, president.

The Class of 1962

Class rings, senior privileges, college applications, job interviews, college acceptance, the Prom, Graduation . . .

We think of all these things when we find ourselves on the threshold of our new life. But, as we leave Madison for the last time as students, we think of those traditions we have upheld, and those we have created. If we visit Madison again in the years to come, we will find the old and the new traditions, and we will remember them for all time.

Senior Cheerleaders Linda Camp, Carol Jennings, Donna Davis, Jeff Potter, and Karen Douglas enjoy their last football game by cheering Madison's Warhawks on to a victory over McLean's Highlanders.

Junior Class Officers: Rebecca Vick, treasurer; Sandra Reussow, secretary; Ray Cybulski, vice-president; David Conrad, president.

Junior Class

Being Juniors this year, our biggest responsibility has been the sponsorship of the Junior-Senior Prom in May. With money from the Junior play, the Breakfast Club, and the award from the SPTA Membership Drive, we produced one of the finest proms that Madison has ever had. As we look back over the past year, we have many memories that will be carried with us in the future.

Sophomore Class

As the Sophomore class, we will be the only one to spend five years at Madison. We feel that, because of this, we have had the opportunity to exercise a more lasting effect on the traditions of Madison. In turn we will have been influenced by these traditions.

Freshman Class

As we look forward to becoming upper classmen, one of our main goals has been to become accustomed to the high school routine. None of us will ever forget our daily bus trips to Flint Hill School, crowded locker conditions, and the feeling of superiority when we won the magazine drive for the school.

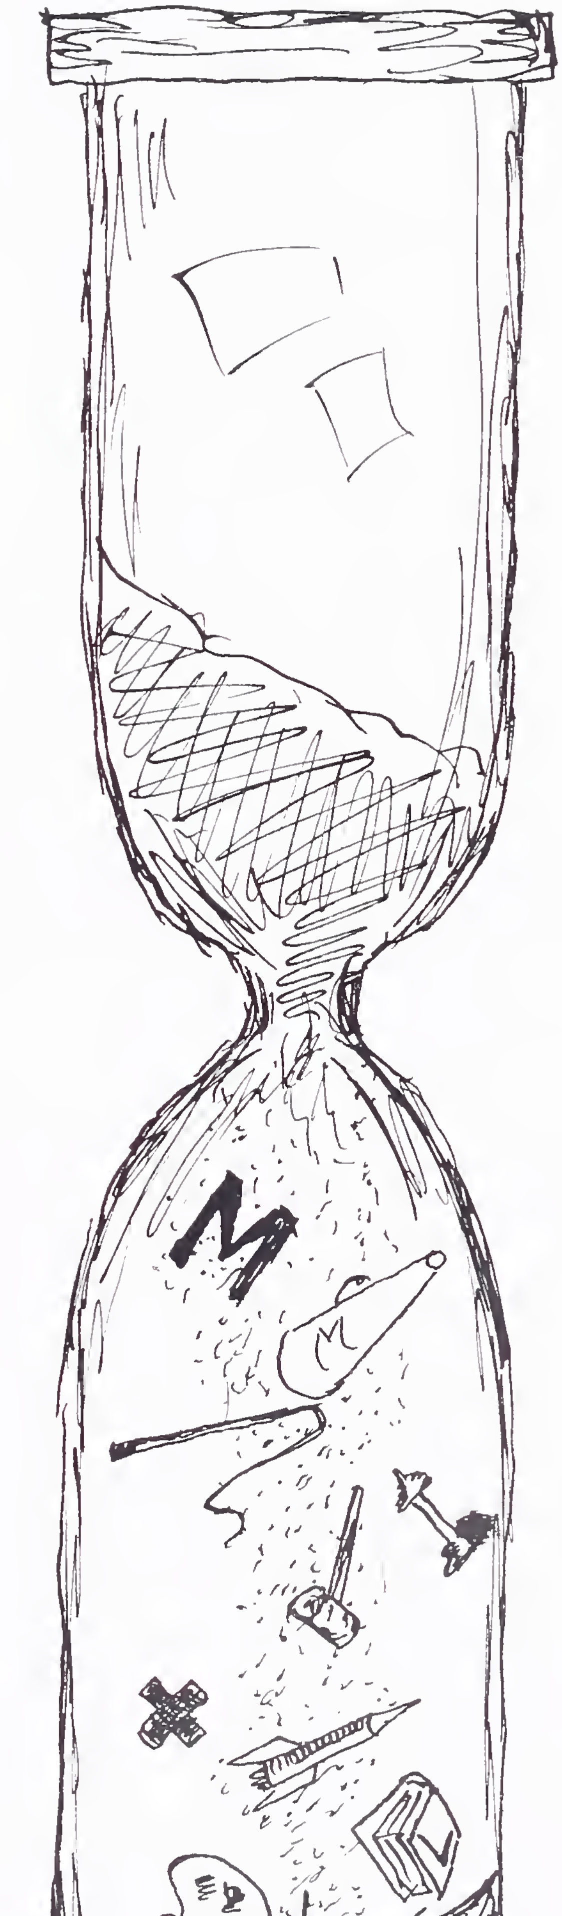
Organizations

Greg Schummers, Tom Allen and
in Earth Science class.



Organizations make up a very important part of the time we spend in school. They provide us with the opportunty to develop leadership qualities and to perform many community services.

School life is greatly enriched by extra-curricular activities. This year, drives and projects undertaken by the various organizations have added interest to our school life and have promoted school spirit.

At James Madison, the Student Cooperative Association (SCA) is the coordinating influence for all student activities. The entire student body has membership in this Association. Through the SCA, the student body is afforded an opportunity in self-government and a channel through which it can improve student-faculty relations.

The governing body of the SCA is the Council. This Council is composed of the four elected SCA officers, the President's Cabinet, and the homeroom, club, and class presidents. It is this body which initiates and plans the major SCA projects such as International Week, the Mardi Gras Dance, and the Pencils for Pakistan, Welfare, and Magazine Drives.

By taking advantage of the opportunities offered by the SCA, such as International Week, Madison students are helping to make their school a leader in Northern Virginia.

Faith Burkhardt, who has served as editor for the last two years, has helped develop the paper to a high degree of journalistic competence. A willing staff has devoted long hours of hard work to meet the never-ending battle to beat the deadline.

The students of James Madison have enjoyed a newspaper that has fully covered the activities of the school year.

Although the James Madison Honor Society has been in existence since 1960, this is the first year that the chapter has been affiliated with the National Honor Society. Our first induction of the year was a combination chapter and member induction. The officers of the Falls Church chapter of the National Honor Society presented us with our charter. Twenty-seven new members were inducted at that time.

This year, the Honor Society began a tutoring service open to all students who wished help with their studies. We also presented a plaque to the school on which the names of the Citizenship Award winners will be engraved each year.

Madisonettes

The Madisonette Club was formed last year to serve as a medium through which the club members might serve their school and community by helping to build up school spirit and to further the prestige of James Madison High. In an effort to fulfill our purpose, we started the year by assembling a new student handbook and welcoming the new girl students. On special occasions such as Hallowe'en, Thanksgiving, and Christmas, we decorated the cafeteria. In order to promote closer relations between the faculty and the student body, we established a teacher aid program to help teachers after school. In the library, we were able to provide some much-needed assistance by sorting and filing books. Along with the Madison Club, we co-sponsored the Homecoming Dance in November. At Thanksgiving, we sent forty-five fruit baskets to nursing homes in the Vienna area. At Christmas we sponsored the Door Decorations Contests and set up a decorated tree in the cafeteria. We also made Easter baskets for many children of the area.

Susie Delap, Jane Smith, Sandra Timme, and Gettine Davis trim the cafeteria Christmas tree wihle Andy Cybulski and Neen Blackwell wrap presents.

We were sponsors of the Homecoming Dance and the Christmas Dance, and many car washes throughout the year. We held our annual show for the children of a Leesburg Orphanage. We also sponsored the erection of a large portable sign to be displayed on the water tower to advertise important school activities.

July, 1961, officially marked the change of leadership in the Warhawk band to the baton of Mr. Kenneth Yohe. August saw a flurry of activity as we prepared for our second marching season. A totally new concept in field marching was introduced by Mr. Yohe, and Madison's band soon became proficient, to the delight of spectators and performers alike.

With the opening of school and the first game, it was not uncommon to see and hear us rehearsing during and after school. The Homecoming Game represented the perfection developed by the band.

During the course of the year the band participated in several parades. We placed second and third in them, and our majorettes took a first place. February saw the Warhawk Band out marching in competition with bands from several states in the George Washington's Birthday Parade. This same month saw the advent of the All-State Band Competition held at J.E.B. Stuart High School.

Spring saw the presentation of the last concert of the year, the Spring Concert, which was thought by many to be a fitting close to the season.

Mr. Yohe, Band Director, works after hours planning band activities.

First Row: Linda Gabaldon, Dee Anne Borland, Janet Williams, *Capt.;* Barbara Lane, Donna Huston. *Second Row:* Chris Omasta, Bobbie Bell, Nancy Lunsford, Kathy Barton, Sheila Vella.

Majorettes

We were kept busy at the beginning of the year, marching in several football games adding color and spirit.

We participated in several parades, taking first place in the Vienna Hallowe'en Parade, and third place in the Fall Parade at Annandale. We also entered the Falls Church parades, and the George Washington Day Parade in Alexandria.

Several of us were awarded honors for our twirling ability.

The Madison majorettes lead the marching band on to the field during halftime.

Pep Club

Under the guidance of Miss MacEachron, the Pep Club has contributed a great deal toward the fine spirit our school has shown throughout the year. Among our numerous projects were the decoration of goal posts before each football game, sale of crepe paper for cavalcades, sponsorship of the annual powder-puff football game, and participation in the Christmas Welfare Drive Christmas Dance. We made our goal the contribution of the final incentive which made 1962 Madison's best sports year.

Kallophile

Kallophile, new to James Madison in 1961-62, rapidly became one of the most active clubs in the school. We worked toward encouraging art appreciation, improving the appearance of the school, and increasing the school's art library.

A few of our activities for this school year included Christmas decorations for the school, the "Picture of the Week" exhibited in the cafeteria, and the Spring Art Festival in which several Fairfax County high schools participated.

This year, we started our activities by initiating new members. Our meetings included such varied activties as panel discussions, spelling bees, and Christmas caroling at a local nursing home. At Christmastime, we adopted a needy family and gave them a food-filled basket. At Easter, we made clothes for the children and gave them Easter baskets.

Our year was climaxed by the installment of the new officers at a dinner-meeting.

German Club

The activities of the German Club were varied this year. The club members saw several Geman movies and sponsored a sale of German baked goods.

On March 3, the club had a Fashing party, or a German "Mardi Gras." The high point of the party centered around an exchange of tape recordings of popular music, short stories, and fads between club members and some students in Germany.

Because some members of the club were born and lived in Germany, the other members were afforded an excellent opportunity to learn about Germany's customs, traditions, and most important, her teenagers.

We assisted the librarian during and after school in checking, repairing, and cataloging books.

Several members of the Club help out in the library during school hours.

After successfully launching two large balloons and recovering their payloads last year, the Rocket Society decided to send up a small solid-fuel rocket. Most people are astonished to discover that the Volkswagen Station Wagon is only a few inches longer than the Volkswagen Sedan and a good four feet shorter than

the conventional station wagon. Yet it holds more than the largest station wagon you can buy and costs hundreds of dollars less. Come see it — and drive it — this week.

OUR

ADVERTISERS

Thanks

to the
Madison Student Body, Faculty, and Administration
for a
Memorable Three Years.

Class of '62

1869 --- 1962

Since 1869 we have been engaged in the interesting business of designing and producing printed matter to meet the needs of discriminating buyers. This experience has provided a rich background in the knowledge of our craft . . . a knowledge we pass on to our customers as a part of an intelligent, helpful service. This Annual is a product of our presses.

THE BLUE RIDGE PRESS

Printing and Publishing

Berryville, Virginia

Another year has passed, and the 1961-62 MONTPELIER has attempted to capture and hold its transient memories. As Editor-in-Chief, I wish to thank the many people who have given time and energy freely and without complaint — the administration and faculty for their cooperation, the students for their endless suggestions, and the staff for long hours of dedicated work.

Joan Broome

Editor-in-Chief

Alma Mater

Hail to thee, our Alma Mater!
We are loyal, proud, and true.
We wave the flag of spirit
In a tribute to you.

And to those who will come after —
May you always sing our song.
We pass the torch of learning,
Keep it ever burning strong.

We strive to do our best,
Let bravery never rest,
Our colors have a lesson to be told—
Be strong and be sincere,
The red, the black, the white, our colors bold . . .

Hail to thee, our Alma Mater!
Ever in our memory,
The school we'll always cherish:
Madison, hail to thee!

Time, you old gypsy man,
Go on your way.
Leave us our memories,
Always to stay.
